CCAvenue- Prestashop MCPG Module

Installation Guide

www.bluezeal.in
BlueZeal SoftNet

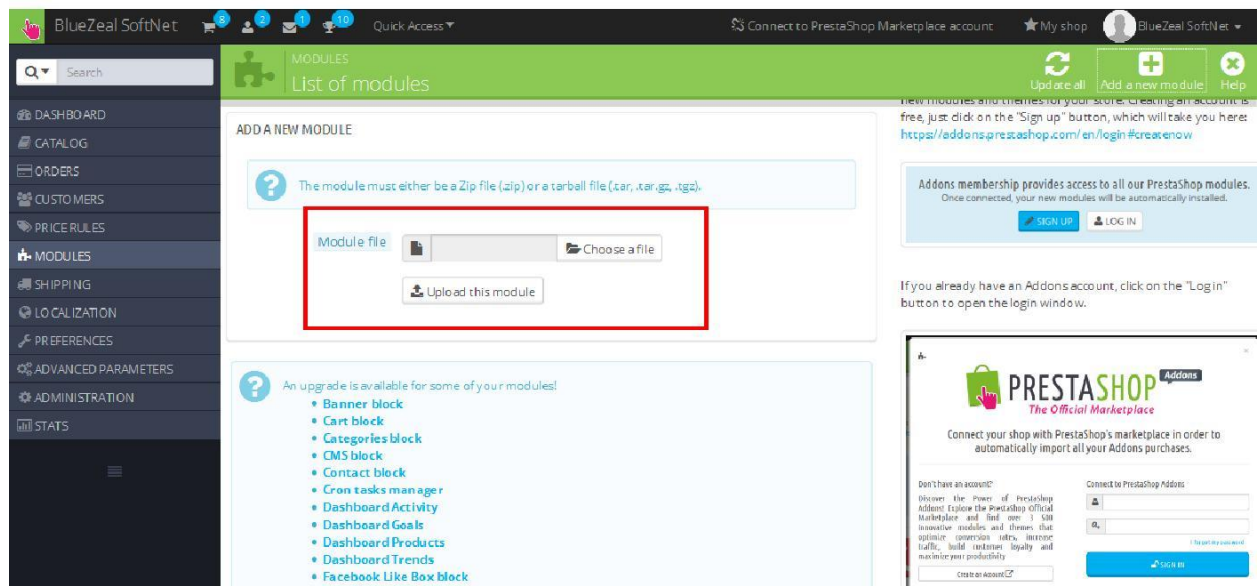

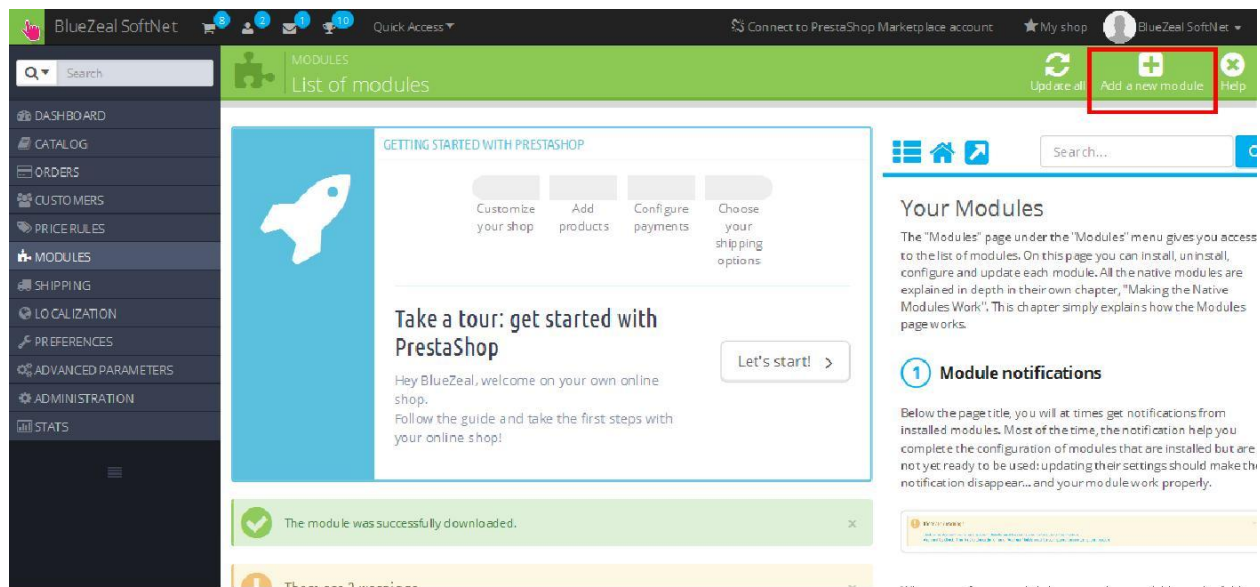

Module Installation process:

Step 1: Install PrestaShop latest version 1.6.1.4 on your server. **Step 2:**

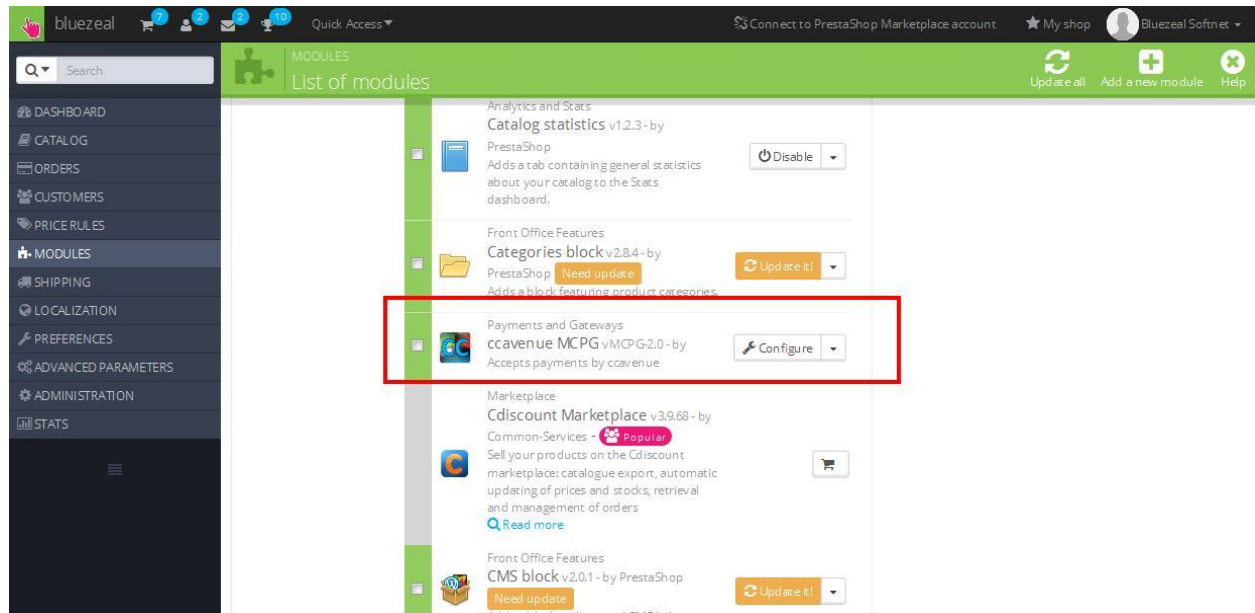

Unzip the “CCAvenue_MCPG_PrestaShop_1.6.1.4_BZ_v2.0.zip”

Step 3: Click “MODULES” and click “Add a new module”.

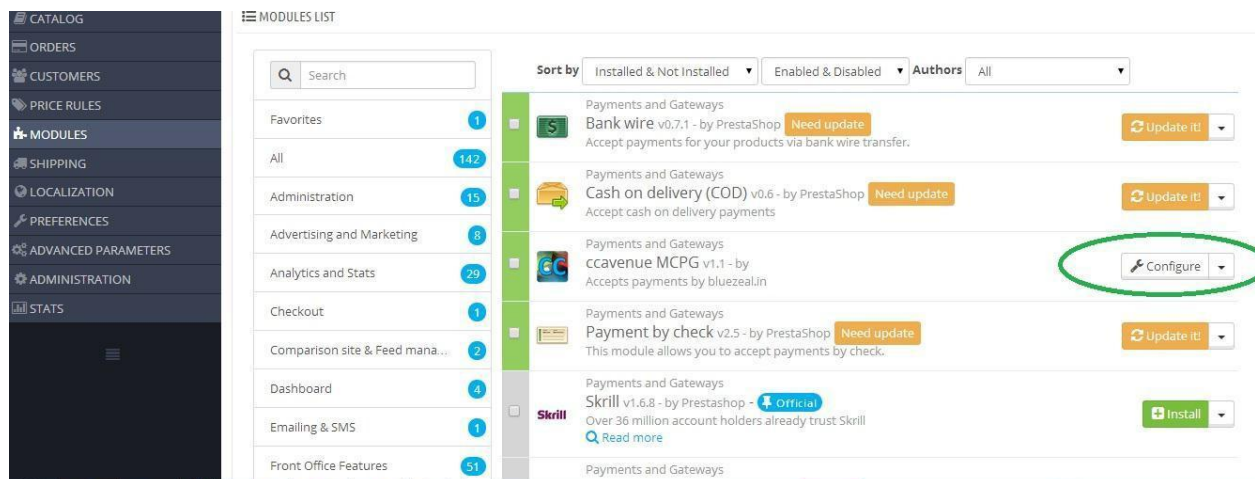

Step 4: Click “choose file” and select **ccavenue.zip** from the location and then upload.

Step 5: Now install the CCAvenue module.

Step 6: After completing the installation process click on the Configure option.

Step 7: Now set the **Merchant Id, Encryption Key** and **Access Code** given by CCAvenue at module and active it by following these easy steps:

Fill Up The CCAvenue Credential.

The screenshot shows the 'API Keys' configuration page in the CCAvenue Prestashop demo. The page has a blue header with navigation links: Orders, Invoice, Products, Store, Marketing Tools, Brand 360, Reports, and Settings. The 'Settings' link is active. Below the header, the 'API Keys' section is expanded, showing three sub-sections: Merchant ID, Access Code, and Encryption Key. Each section contains a description, a URL (http://www.demo.bluezeal.in), and a text input field for the respective credential. The 'Merchant ID' field is currently empty. The 'Access Code' and 'Encryption Key' fields are also empty. A 'Regenerate' button is visible next to the 'Encryption Key' field. The footer of the page includes the copyright notice 'Copyright © 2001 - 2014 AVENUES. All Rights Reserved.' and the PCI DSS logo.

Fill Up The CCAvenue Credential.

The screenshot shows the 'CCAvenue MCPG' configuration page in the Prestashop demo. The page has a green header with navigation links: Dashboard, Catalog, Orders, Customers, Price Rules, Modules, Shipping, Localization, Preferences, Advanced Parameters, Administration, and Stats. The 'Modules' link is active. Below the header, the 'CCAvenue MCPG' section is expanded, showing the module version (2.0) and links to the PDF Manual Guide, Video Tutorial Guide, and Support. The 'Settings' tab is selected, displaying a form with the following fields: CCAvenue Title (CCAvenue MCPG), CCAvenue Merchant ID (2), CCAvenue Access Code (E3VjNHw79AAV2FWF), CCAvenue Encryption Key (a masked field), CCAvenue Payment Currency (Indian Rupee), and CCAvenue Payment Order Status (Payment accepted). An 'Update settings' button is located at the bottom right of the form.

Step 8: Then click on the save button for Update Settings the page.

**Now the payment module is successfully installed, Enjoy
with
CCAvenue Module.**
